

How do our trucks measure up?

Euro V Actros

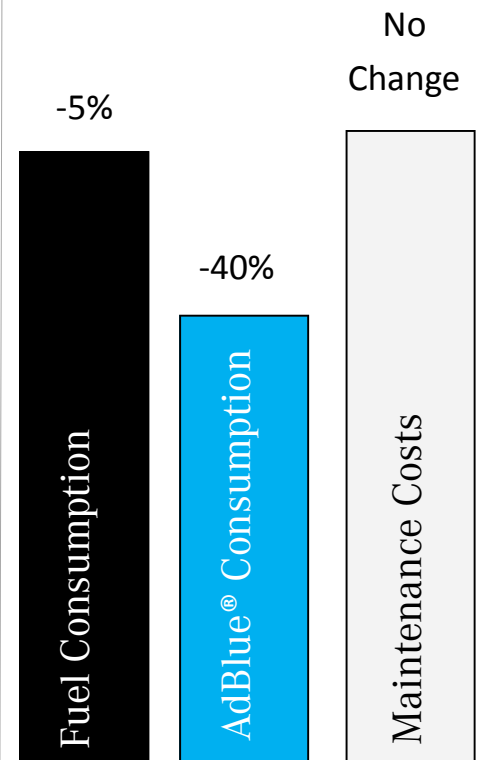

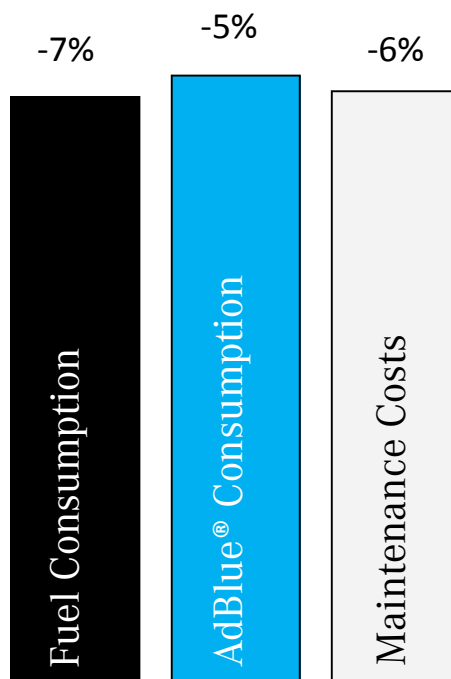

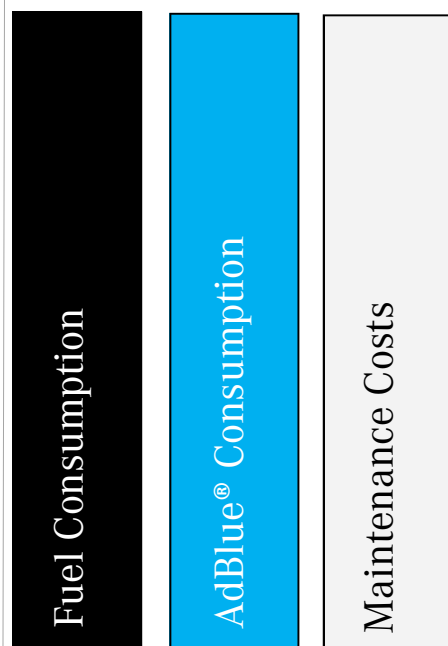

(Guinness World Record holder for fuel consumption)

Euro V New Actros

New Actros Euro V models are only available in selected configurations to let you take advantage of the increased fuel saving on long distance operations

Euro VI New Actros

Residual Values for Euro VI trucks will be significantly higher

Using a long distance truck as an example, the chart above shows how new Actros at both Euro VI and Euro V compares to the very best of the previous generation Euro V.
